## Heaven's Gait Ranch Therapeutic Riding Center

Dear Family & Friends,

Thanks to your enthusiasm, generosity, and support, we hit the ground running in 2017, providing 355 lessons to individuals with special needs and disabilities within our first year of operation. With the assistance of six program horses and over 1,000 volunteer hours, our PATH Certified Instructor Micah Keshemberg conducted 225 lessons of therapeutic riding, 68 lessons of equine-assisted activities and therapies (EAAT Education), and 62 lessons within our Equine Services for Heroes program. Needless to say, we could not be more proud of what we have been able to accomplish together, and we are excited to keep growing in 2018.

Year one has taught us many valuable life lessons as well, such as the positive and lasting impact one life can have on so many. In an age where the media magnifies the world's turmoil and negativity, Heaven's Gait Ranch has illuminated human decency and dignity, and time and time again, we are blessed to see small acts of kindness that mean the world to our participants and their families.

Therefore, we can only hope that our updates, newsletters, and reports do justice to highlight the good that you've enabled us to do in our community because we mean it when we say, "your gift makes all the difference." Whether you called for the holidays or attended an event, or whether you donated to our programs or volunteered your time, we cannot thank you enough for your continued support.

You are truly changing lives, and we could not do this without you. On behalf of all of us at Heaven's Gait Ranch, thank you for an unforgettable 2017, and we look forward to seeing you in 2018.

Sincerely,

Margaret Mary McClaren

## Who We Served in 2017

### Did You Know...

that last year your generosity enabled us to serve more individuals with social/emotional/behavioral needs and cognitive disabilities than any other demographic?

## Rider Highlight: Andy Mueller

For many reasons, one of our most memorable riders of 2017 was Andy Mueller. The kind-hearted 70-year-old came to us last summer shortly after his wife Colleen inquired about our programs. Andy looked forward to being around horses again since he and Colleen formerly owned and showed their miniature named Picasso.

Unfortunately, while battling Parkinson's Disease, Andy developed an idle tremor; however, he never let it hinder his humor around the ranch or his determination to ride. He particularly enjoyed grooming and feeding the horses at Heaven's Gait Ranch as the tasks enabled him to attend to their needs while also calming his own. By fall 2017, Andy was proud to ride Jack and Mac, ending each lesson with a beaming smile, sincere "thank you," and gentle reminder to "make sure the horses always have carrots."

Sadly, Andy took a break from riding over the holidays and passed away in January 2018. Our program horses and staff deeply miss him, so to keep his spirit of kindness and positivity alive at Heaven's Gait Ranch, we will be launching the Andy Mueller Memorial Scholarship this year, which offers assistance to individuals with special needs or disabilities who are interested in our therapeutic riding program but have demonstrated financial need that hinders their ability to participate.

Andy Mueller successfully finishes his ride with Jack, lead walker Gail Morrissey, and side walker Ella Jors. Fall 2017
